Come to the Palace, oh come there with me
Where Fashion, mid splendor, still holds her levee
And smilingly tells you that Beauty is sold
To youth, or to age in exchange for their gold
And their Lady like charms through life may prolong,
In robes like a Queen's, which sell for a song
They've shawls for the taste and shawls for the storm,
They've cloaks which fall softly so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces and broideries ribbons and tassels,
They've sombre lined goods, for the weeping, and sad,
They've silks like the sunshine for merry and glad,
They've fabrics for millions, and hold their levee,

Trial of the Challenge Safe.
REPORT OF THE COMMITTEE

We, the undersigned, citizens of this City, having acted as a Committee in the trial of one of the Challenge safes manufactured by Hornbach & Wagner of this city yesterday afternoon certify by this, that said Safe was placed on four small brick layers, twenty inches from the ground surrounded by a circular wall about three feet distant from the Safe, and reaching more than a foot ... and covered from all sides as well as on top and bottom by wood thus filling the whole space between the Safe and the wall and some way upwards with just four cords of wood. We having inspected the books papers and bank bills that were placed in the Safe. Fire was set to the pile of wood and owing to a quantity of ... which had been ... on the wood ... in a blaze. The flames then continued raging for an hour and a half around, above and below the Safe melting off solid brass knob of an inch and seven eighths in thickness and bringing the Safe on all sides to a red heat when we the Committee considering this a fully satisfactory trial and one that a safe is unusually subjected to in cases of conflagration concluded to let an engine play on it. The water was quickly brought in execution the stream of water being directed against the Safe until ... it had thus been cooled off and the flames extinguished to a limit of approach it was tried to be opened which after some little trouble was effected when in our presence the Safe was opened and to the astonishment of all persons present the articles deposited in it, including $15 in bank notes belonging to Mr Ilsley, were found uninjured by fire and only some of them slightly damped by the steam created by extinguishing the fire

Fully convinced that the test said Safe was subjected to was a fully satisfactory one and a severer than any ever before given in this city we take the opportunity of recommending the Challenge Safes of Hornbach & Wagner to all who may stand in need of a safe guard for their books papers and other valuables as a perfect security against all the dangers of fire

NEWS OF THE MORNING.

Gov. Bashford yesterday took possession of the Executive Office at the Capitol, and entered formally upon the discharge of his duties. The Senate promptly recognized him and it is thought that the Assembly will do likewise to-day. The war is all over and peace reigns again.

The Legislature, it is thought, will adjourn on Monday to meet again in September; the Committee of Investigation sitting meanwhile under instructions to report at the adjourned session.

The New York Court of Appeals (5 to 3) have decided the Maine Liquor Law unconstitutional.

Congress is not making any remarkable progress.

The New York Market of yesterday was very firm for Breadstuffs.

Gov. Bashford in Office.

It will be seen by our despatches and correspondence from Madison that Coles Bashford yesterday took formal possession of the Executive Office, under the judgment of the Supreme Court, and in virtue of his election by the People. Lt. Gov. McArthur, who succeeded to Mr. Barstow's stolen title, made some show of resistance, but upon a display of "constructive" force, surrendered at discretion. Gov. Bashford immediately sent in a brief Message to the Senate (the Assembly having adjourned in a hurry) communicating the judgment of the Supreme Court and his proceedings under it. The Senate, with commendable promptness and gratifying unanimity, passed a resolution, recognizing Coles Bashford as Governor of Wisconsin, and ordering extra copies of his Message to be printed. The strong and significant vote by which the resolution was adopted, *fifteen* to *three*, will no doubt remove all lingering doubts in the minds of the Assembly about the duty and policy of *their* following suit. We confidently anticipate, therefore, that they too will recognize Gov. Bashford to-day, and the only remaining wonder is how Mr. McArthur, who still "insists that *he* is Governor," will get over this delusion and subside into Lieutenant-Governor again. It seemed quite heroic to go up, but how will he look coming down?

Washington County to the Rescue!

While the rest of the State has been quietly awaiting the decision of the Supreme Court in the contested Governorship, and now that the decision is announced, promptly and cheerfully accepts it as the final disposition of the matter, a portion of the People of Washington County, under the appeals and influence of reckless and designing demogogues, manifest a disposition to keep Mr. Barstow in office, whether or no. The last Washington County *Democrat* comes to us bristling all over with the proceedings and resolves of "democratic meetings" got up at the instigation of Senator Weil, to resist the Supreme Court and uphold the Usurper. One of them, held at Scheisingerville, was addressed by Senator Weil, Dr. Kleffler, and Messrs. Volmar, Weiss, Lepfe &c. &c., and resolved, under instructions from head-quarters, "that W. A. Barstow was the duly elected Governor of Wisconsin, and that they would sustain him with all their power against Judicial usurpation" &c. Another held at West Bend, exhibited a similar spirit, and adopted like resolves—among others, the following:

Resolved, That we, the Democracy of Washington County, do hereby pledge ourselves unitedly to sustain our said Executive, Wm. A. Barstow, in carrying out, to the fullest extent, the intentions and determinations as set forth in said message to the Legislature, and to the Supreme Court—

Whether Mr. Barstow, upon the receipt of this news from Washington County, will reconsider his abdication, and undertake to regain possession of the Executive office, we cannot say. Probably not, however; as Washington County *per se* would hardly be able to maintain the Usurper in his seat. But though these proceedings will doubtless vanish in smoke, the authors and instigators of them should not therefore be forgotten. We can make due allowance for many of those who attended these meetings and who, but imperfectly acquainted with our language and laws, fall a ready prey to lying and unscrupulous demagogues, and are made to believe that Mr. Barstow really received a majority of the legal votes cast for Governor, and that the Supreme Court, in its decision in the case, has usurped authority, outraged justice and done violence to the will of the people. But no such excuse can be offered for such men as Senator Weil in Washington County, and Messrs. J. B. Cross, Byron Kilbourn, M. M. Strong, and other prominent figurers in the Young's Hall meeting in this City, who lent "aid and countenance" to the treasonable proposition of resisting, by force if need be, the judgment of the Supreme Court. Let our readers ponder the following resolution, offered by Mayor Cross at the Young's Hall meeting, endorsed by Messrs. Kilbourn, Moses M. Strong & Co., and "certified" by the officers to have been adopted by the meeting:

Resolved farther: That we tender our warmest thanks, and are under deep obligations to Wm. A. Barstow, the Governor of the State of Wisconsin, for the noble and dignified stand he has taken, in asserting the independence of the Executive Departments entrusted to him by the people, and in defending the Constitution and Laws, against the treasonable and treacherous assaults of a partizan Court aming at political power, and insidiously grasping at political dominion, and while thus vindicating, in his own person, the rights of the people of this State, we will sustain him with our hearts, our voices, our votes, and our strength.

It is but justice to add that these gentlemen *took it out* in resolving. When it came to the *pinch*, and Mr. Barstow began to "count noses" to see how many of his loud-talking friends would stand by him in the collision which they seemed to invite, *not one* of these conspicuous champions at public meetings and *on paper* was present at roll-call! They wanted Mr. Barstow to resist and were quite ready to resolve that he ought to do so; but they were *not* quite ready to share with him the grave responsibility and possible personal risk of such a defiance of Law. No wonder Mr. Barstow "resigned" without waiting to hear from Washington County.

We understand that a judgment of *ouster* was entered yesterday, against the respondent and the claim of Bashford sustained, and the promise is that Mr. Bashford, having again taken the oath of office, will enter upon its duties to-day. This done, we put Wisconsin against the field. She will have had three governors within the space of one week.—*News* of yesterday.

The *News*, like the *Wisconsin*, sustains the judgment of the Supreme Court and acknowledges Mr. Bashford as the lawfully elected Governor of Wisconsin. The *Argus* appeal to the democratic press and party, to *resist* that judgment, by force if need be, is scouted everywhere, as it deserved to be.

Gov. Bashford's Private Secretary.—Gov. Bashford has appointed B. F. Hopkins, of Madison, his Private Secretary. This is an excellent selection. Mr. Hopkins is intelligent, gentlemanly and of approved integrity.

Milwaukee and Fond du Lac Air Line Railroad.—The Fond du Lac *Union* of Monday says:

We are reliably informed that responsible contractors stand ready to take the contract for building and equipping the Air Line Railroad whenever the company have secured the credit of Washington county, and this city to the extent authorized by law.

Editorial Correspondence of the Sentinel.

Final Judgment of the Court, establishing Coles Bashford's Right to the Governorship.

In Supreme Court, 3 P. M.

Madison, March 24.

The Court Room was crowded this afternoon for an hour before the Judges came in, anxious to listen to the final judgment in the Governor case, which has excited so much interest throughout this State and elsewhere. As soon as possible, I will send the full opinion and judgment—At present, the following will give its spirit and its main points.

Chief Justice Whiton read the judgment. He said that it would not be necessary to go over the ground already fully referred to in the opinions delivered in the progress of the case. The Court regretted that the course taken by the Respondent and the Attorney General had prevented them from having the case go before a jury, but they had not allowed these acts to deter them from going forward with their duty

The official canvass gave Barstow 36,355, and Bashford 36,198.

It appears from the evidence produced that the Board of State Canvassers allowed certain votes not canvassed by the County Canvassers or sent regularly by them.

That in some cases supplements were sent by town officers direct to the State Canvassers.

That in some cases, the Board received and counted returns sent up by County canvassers after the first certificate sent by the latter.

That they allowed votes rejected by County canvassers, and afterwards sent up from the towns.

That two statements of votes, purporting to be County canvasses came up from Waupacca Co., equally authenticated with seals, and the State canvassers accepted one and rejected the other.

The Court held that the *election* and not the *canvass* determines the right to office, and deny the doctrine that the Courts have no rightt to enquire and ascertain who has really received the greatest number of legal votes.

Judge Whiton proceeded to read and comment upon the sections of the Statutes, prescribing the duties of town, county, and State canvassers, and held that none of them have any discretion beyond the statute. The town boards, are to count and certify the votes to the County Boards, and then their powers cease—that the County Boards are to count *those* returns and certify the result to the State Board, and then *their* duties cease—the State Board are to count *these* returns, and *therefrom* certify the result, whatever it be—that all other testimony is excluded.

They hold that Section 95 does not give State canvassers any right to examine, entertain, or count anything except that which the statute prescribes. No person can be aggrieved by this, because the courts have full power by Quo Warranto, to enquire into the case, or see that justice is done.

From the consideration of the case, it follows that the additions, supplements, &c., outside of the County returns, were in no wise legal evidence, and ought not to have been counted.

As to the double return from Waupacca Co., no opinion is called for; but there was of course but one lawful Board, and the Court has no evidence as to which *was* legal.

Testimony has been given of frauds of a gross character at Waupacca, and also that some of the supplements are frauds and forgeries. The court would not comment upon these matters, inasmuch as their judgment does not depend upon them, but they regret that the course of the Respondent and the Attorney General has been such that the Court is unable to lay these important matters before a jury for examination.

It was before held that, by default of the Respondent, the Relator was entitled to full judgment of ouster, and entitling him to the office; but they also held, on account of the great importance of the case, the Relator should be called upon to make a *prima facie* title.

It now appears that by correcting the returns of the Official Canvass, by the rejection of the supplements &c., illegally and improperly counted, Coles Bashford received a plurality of the legal votes for Governor, and judgment must therefore be given declaring him entitled to the office.

Mr. Ryan handed up a form of judgment, which, after being examined by the Court, was accepted and ordered to be entered up. It *declares Mr. Bashford entitled to the rights, privileges, and franchises of the office, and to his costs, to be taxed by the Court.*

Thus ends this important case.

The next movement will be the introduction of the rightful Governor in the office from which he has been kept so long. Mr. Bashford went over to the Court Room soon after the crowd had retired, and, by advice of his Counsel, quietly took again the oath of office. He will communicate with the Lt. Governor this evening, in relation to the hour of taking possession. Mr. McArthur's reply will of course settle the truth or falsity of the rumor that he intends to be foolishly troublesome and factious. I scarcely think that he will allow his better judgment to be warped by the crazy advisers about him.

The witnesses summoned by the Senate committee from Waupacca are beginning to arrive

MR. BASHFORD IN OFFICE.

HIS MESSAGE.

Madison, March 25.

The Assembly passed this morning a resolution to adjourn on Monday next to 1st Wednesday of September, by a large vote, and soon after adjourned to avoid a message from Governor Bashford.

The proceedings were interrupted by loud cheers from a great crowd in the lobby, as Mr. Bashford entered the Capitol. He proceeded with his counsel soon after to the Executive Chamber, and the crowd waited half an hour impatiently for the opening of the doors.

The conversation between the parties is said by those who heard it to have amounted to about this:

Mr. Bashford shows a copy of the judgment and demands possession.

Mr. McArthur reads, and says that he does not recognize the authority of the Court in the matter, and refuses to yield possession, and asks whether force will be resorted to, to oust him.

Mr. Bashford informs him that, inasmuch as his right to the place is fully determined, he shall feel it to be his duty to use force, if necessary.

Mr. McArthur says that he shall regard that as constructive force, and will retire—and *does* retire.

The doors are opened, and the crowd pours in to congratulate Governor Bashford on taking possession of his rights, so long withheld.

Gov. Bashford soon after sent the following message to the Senate, by his private Secretary, B. F. Hopkins, Esq.:

MESSAGE OF HIS EXCELLENCY COLES BASHFORD.

Executive Department,
Madison, March 25, 1856.

To the Senate and Assembly:

It has become my duty to inform you that I have, in obedience to the will of the people, assumed the duties and responsibilities of the office of Governor of this State.

Chosen to that office by a majority of the popular vote at the general election in November last, I nevertheless found it pre-occupied by the late incumbent, who refused to surrender it, or recognize my right to it.

Believing that I had been duly elected; that a proper investigation would show that I was entitled to enter upon the discharge of the duties of the office; and not wishing to resort to force in order to obtain possession thereof, I appealed to the law to protect my rights, as well as the rights of the electors who had conferred this trust upon me.

The judgment of the highest judicial tribunal of the State—the highest evidence of title known to the law—has now ascertained my title and restored me the office from which I have been wrongfully excluded.

Recognizing in the peaceful issue of the recent contest, a most gratifying testimony to the supremacy of the law over preferences and prejudices of a political nature, I cannot forbear to congratulate the representatives of the people, whose sovereign will has been finally vindicated in the forums of their own appointment, upon the result; and I am happy to know that many among the best citizens of the State politically opposed to my election, did nevertheless most promptly recognize the fact of my election, and have, in faithful adherence to the right, insisted upon its recognition.

Your session is already so far advanced, and I am so little informed respecting the state of the business before you, that I will only recommend a thorough examination of the alleged frauds at the late election, in order to determine, as far as possible, in what manner, and by whom those frauds were committed, to the end that proper safeguards may be provided against similar occurences in the future.

It will be my aim to administer the Executive Department of the Government for the popular good alone, guided by the constitution and laws, and I shall be found at all times and in all Constitutional ways, ready to co-operate with you.

I herewith transmit to you an authenticated copy of the judgment of the Supreme Court of this State, determining my right to said office.

I send this communication to you by B. F. Hopkins, Esq., whom I have appointed my Private Secretary.

COLES BASHFORD.

The following is a copy of the judgment of the Supreme Court:

Be it Remembered, That at a term of the Supreme Court of the State of Wisconsin, begun and held at the Capitol in Madison, the seat of government of said State, on the second Tuesday, to wit, on the 11th day of December, A. D. 1855, in the 87th day of the term, to wit, on the 24th day of March, A. D. 1856, Present the Hon. Edward V. Whiton, Chief Justice, and the Hon. Abram D. Smith, and the Hon. Orsamus Cole, Associate Justices of said Court, the following proceedings were had *inter alia*, to wit:

The Attorney General
ex rel.
Coles Bashford } Information in the nature of a *Quo Warranto.*
vs
Wm. A. Barstow.

And now, at this day, the Court having heard the motion of the Relator in this cause, for judgment for want of a plea of the Respondent herein, and having heard the proofs made in open Court, under the order of the Court upon the said motion, of the right of the Relator to the said office mentioned in the said information; and the Court being sufficiently advised thereupon: It is ordered by the Court, that the default of William A. Barstow, the Respondent herein, be entered for want of a plea to the said information; and it is considered, ordered and adjudged by the Court here, that the said William A. Barstow hath unlawfully held and exercised the said office of Governor of the State of Wisconsin, since the 7th day of January, A. D. 1856, without any legal election, appointment, warrant, or authority whatever, and hath since the day last aforesaid unlawfully usurped, intruded into and held the said office of Governor of the State of Wisconsin in manner and form as averred in the said information, and that he shall and do not in any manner further intermeddle with or concern himself in or about the office, or the powers, duties, privileges or franchises thereof, but that he be and is hereby absolutely forejudged, ousted and excluded therefrom for the future.

And it is further considered, ordered and adjudged by the Court that the said Relator, the said Coles Bashford, was, at the general election held on the 6th day of November, 1855, duly elected and chosen Governor of the State of Wisconsin, and is rightfully entitled to the said office of Governor of the State of Wisconsin, and to exercise the powers, duties, privileges and franchises thereof as in the said Information is averred, and that he do recover the said office, its powers, duties, privileges and franchises.

And it is further considered, ordered and adjudged by the Court that the said Relator, the said (Coles Bashford) do recover against the said Respondent, the said William A. Barstow, his cost and charges about this suit expended, to be taxed according to the Statute in such case made and provided.

State of Wisconsin, } ss.
Supreme Court. }

I, La Fayette Kellogg, Clerk of the Supreme Court of the State of Wisconsin, to hereby certify that the foregoing is a true copy of the judgment of the Court entered in the above entitled cause, on the 24th day of March, A. D. 1856, as appears of record.

(L. S.) In testimony whereof I have hereunto set my hand, and affixed the seal of said Court at Madison, this 25th day of March, A. D. 1856.

LA FAYETTE KELLOGG,
Clerk Supreme Court of Wisconsin.

Mr. Sholes offered a resolution, recognizing Governor Bashford, and ordering 2000 copies of the Message and Judgment, which passed by the following vote:

Ayes—Adams, Barber, Clement, Cobb, Dunn, Giles, Gill, Harvey, Mills, Pier, Smith, Sholes, Sutherland, Taylor, Worthington,—15.
Noes—Gernon, Gibson, Weil,—3

What the Assembly will do, will probably be seen to-morrow.

W. H. W.

Disgusted.—The Beaver Dam *Republican* and *Sentinel* was one of the few democratic papers in the State which upheld Mr. Barstow in his threatened resistance to the judgment of the Supreme Court. Of course, it is inexpressibly disgusted by Mr. Barstow's sudden and unexpected surrender. Hear it:

We were among those who believed that Mr. Barstow had been duly elected Governor, and entertaining that view of the case, we were disposed to sustain him at all hazard, regardless of results. This last act of his, compares unfavorably with his previous course, *and seems to savor strongly of a confession that all was not right.* By thus dropping the matter himself, he leaves his friends in a very awkward position, for they were not looking for such a step, and it will now require something more than the *Argus's* explanation to satisfy us that the course pursued by Mr. Barstow was altogether right.

Wisconsin Journal of Education.—We have received the first number of this promising periodical, the organ of the State Teachers' Association. It is published at Racine, under the charge of an Editorial Committee of Eight, among whom are, Mr. Pickard, of Platteville, Mr. A. J. Craig, of this city, Mr. Spicer, of Milton, and Mr. McMynn, of Racine. It is devoted especially to the Cause of Education and to the advancement of the interests of our Public Schools. We like the looks and tone of the first number and wish it all success. Mr. J. G. McMynn, Racine, is the Resident Editor. The subscription price is One Dollar a year, invariably in advance. Address "Journal of Education, Racine, Wisconsin." Copies are for sale at our City Bookstores.

From Madison.—We suppose that the Gubernatorial controversy is ended. Gov. Bashford, is installed in the Capitol at Madison. The Senate will recognize him at once and the Assembly too, after thinking over the matter. There is nothing to be gained in any way by standing out against the decision of the Supreme Court.—*Wisconsin* of yesterday.

That is so. "Discretion" is, unquestionably, "the better part of valor" in the present instance. The ultra partizans, in and out of the Legislature, who still talk resistance, may as well give up gracefully. Beyond all doubt, or question, the People everywhere will sustain the Court and uphold Gov. Bashford.

A Searching Investigation.—The Comptroller of the State of New York has appointed a Commission to examine into the condition of every Fire Insurance Company in the City of New York, chartered by the Legislature of the State. This examination is made in response to the request of 51 of the companies of that city.

This is a timely precaution. The public have suffered quite enough from Swindling Insurance Companies.

☞ The N. Y. *Tribune* says the private letters by the Persia are very cheerful, although money is quoted as active and dear. There is considerable movement in American Securities, and the orders to buy here are to a fair extent. Cotton and Breadstuffs were heavy.

Fire! On Sunday afternoon the 9th instant, the Hotel of Jacob V. Hauxhurst, Esq., formerly kept by Mr. Bangham, was consumed by fire. We understand that most of the furniture was saved. The proprietor had lately purchased the house, and the loss, if he has no insurance, must be a heavy one to him.—*Richland Co. Observer.*

Narrow Escape.—This morning about ten minutes after Mr. L. R. Carswell left his bed, the platform which supports the chimney gave way, precipitating the whole of the chimney, about a ton of bricks and mortar, into the room and bed just vacated by Mr. C.—*Fond du Lac Union.*

Correspondence of the Sentinel.

Men and Things in Gotham.

New York, March 20th, '56.

Messrs. Editors:—Tuesday was one of those delicious days, which proclaim the reign of Spring. 'Twas a merry day, and a short one, and those who did not turn out to enjoy, may be classed under the head of the truly unfortunate. The living tide which poured through Broadway from morn till dewey eve, was of that butterfly character so peculiar to Gotham. Pretty creatures long pent up, cast aside their luxurious inaction and winter's sloth, donned their bright garbs and spread their azure wings and fluttered for a brief hour, moth like, in the Sun's genial rays, which warm and make pleasant the place where fashion most loves to congregate. But one swallow does not make a Summer, if it does sometimes a breakfast; and yesterday 'twas again "presto change." No one knows when or how the thing was done so magically; the "Ravels" might have learned a trick, worth two of theirs, had they been posted up in the matter, but all awakened to the fact and rubbed their eyes in huge surprise, that one of the most effective snow storms of the year, was in full blast out of doors, and "capping the climax," was a general and favorite expression during the day 'Twas very appropriate certainly; though the state of things perhaps demanded something in its honor, a trifle more original and emphatic To day is what is called, the "opening day" in the fashionable world, when the glories of Spring millinery burst on the female world afresh, expanding the heart, mouth and purse strings of those who follow in the fickle tyrant's train. What "Paris" has to offer this year in the way of Bonnets, Ribbons, Laces and Feathers, I know not, but undoubtedly myriads of sweet constructions, "to puzzle the will and rather make us bear those ills we have, than fly to others that we know not of," perhaps, with which proviso I'll leave the subject for the present.

The arbitrary course of Gen. Walker in his late "coup d'etat" of seizing the property of the Nicaragua Transit Co, annulling their charter, &c, has convulsed the "street" and caused an immense fluttering among the operators in that stock, while Vanderbilt's decided action in taking from the daring adventurer the sinews of war, by withdrawing his steamers, is looked upon as equally masterly in its way, though its effect will be lost by the intention of Mr. Morgan to keep up the communication by steamers procured for the occasion, which energetic step is worthy of a better cause. The whole affair seems very like a wheel within a wheel, and composed of audacity, roguery and mystery, the merits of which are hard to arrive at and understood by few. 'Tis the great topic of conversation and absorbs all others. The virtue of the "Dalgetty" press is outraged by the conduct of the great "Fillibuster." Illegal conquest, it can wink at, but loss of trade or hindrance of same never—if our cow is gored, it becomes a rather more serious matter,

St. Patrick's day on Monday, for a novelty, was a fair one, said to be owing to the fact that Bishop Hughes had commanded the ceremonies of the day to be postponed to the following Monday, this being holy week. Some Irish regiments paraded nothwithstanding the edict, but the affair was only a partial display and robbed in great manner of its usual sectarian character, other regiments assisting in procession. Next week, the dish will probably be warmed over, and materially added to, the spiritual embargo being withdrawn.

The awful disaster to the Ferry Boat on the "Delaware," will not be without its good effects, it is already drawing generally the attention of the public, to the shameful want of provision made for such accidents, on the boats plying on our own neighboring rivers. Rich as these corporations are, the total absence of all means of escape or assistance in an emergency on board their boats, is strikingly apparent, when one's attention is drawn to the subject. So long as accidents have not happened, they never will, seems to have governed these public servants, and I think the blame rests on the public after all, for if it will only demand seriously, it can get generally: the evil is, and it seems to be a national one, a reckless estimate of the value of human life, and the ramifications of this evil are seen in more ways than one, affecting the true welfare of society, and if I mistake not, Wisconsin can exclaim emphatically, this is so.

Another of these black spots on the moral disc of our society, is just now attracting the gaze of the curious, philosophical and scandal loving members of this community, in the shape of the divorce case of the Rev. Dr. Cox, not him of erudite and eccentric memory by the way. Tis' a strange history and proves not only that truth is stranger than fiction, but how the best of us may be taken in and done for—also that it is better for the clerical fraternity, as well as laymen, to lay up treasurer's in a better place than this abode of sin and mammon, and while moralizing, allow me to quote a line from a quaint old *cove*, who understood what he was talking about "sans doubt," as highly appropriate, and it may be useful to those contemplating matrimony in your midst. "In search of wife prefer the modest, chaste—Lilies are fair in view, but not in smell, then choose the wife, by wit and loving well, for she who brings thee gold and many sins withal, presents thee honey, mixed with bitter gall."

The examination of Mr. Barnum, exhibits a strange chapter in the "ups and downs" of life; imagine this man whose name was a host and a battle cry but a short time since, now fallen so low, financially, that there are none to do him reverence "Tray," "Sweet heart" and "Blanche" all bark at him and the breath of popular applause he finds at last is but a rotten and a hollow thing. Think of the man who introduced the divine "Jenny" to us and by general consent was selected as the "Atlas" to support the Crystal Palace on his back, compelled to take boarders for a living, to dodge the Sheriff and to evade the "nutmeg" State to preserve his personal liberty. "Iranistan" gone, every thing gone, departed like the "baseless fabric of a vision." "Can such things be and overcome us like a summer cloud, without our special wonder?"

The great Showman's case is a hard one, and he must be a devil to gloat over his ruin. Yet there be those, and their name is "legion," who coldly wise, and used too, to "bending the pregnant knee," exclaim, "I told you so." May his fate be theirs, for a righteous retribution. Mr. Barnum's business seems to have been grossly misconducted, and he the victim of misplaced confidence, but let his enemies remember that he was never *above* his business, and pride did not go before a fall—that is specially worthy of *their* recollection.

The monster steamship, the "Great Leviathan" now in course of construction in London, where 1000 men are engaged in completing her, receives a considerable share of attention just now, as it is not decided which of our ports will have the honor of receiving her. Her register tonnage is 23,000, and in addition she will carry 12,000 tons of coal and 10,000 passengers. This dwarfs every thing else in the way of marine architecture.

The fine steamer Plymouth Rock which has been ashore during the winter on City Island, has at last been released from durance vile, and is on the Balance Dock for repairs. She was found to be badly "stove," but not strained in the least, and will soon be again a floating palace on the Sound. The North River boats are making preparations for the year's campaign, though the ice is still solid below "Sing Sing," and navigation will not probably open on the Hudson before the middle of April.

"Greer" the great confidence man plead guilty on the 1st of the 8 indictments against him, and has been sentenced to 5 years in the State Prison. A long time for a man of his education and talents to reflect on the consequences of the first step in the career of crime.

Opera and Theatre goers are again in a state of excitement, owing to the mysterious debut of a new Vitriol Man, who pursues his diabolical trade as yet with impunity. The justice dealt out to his predecessor, the public now see the fruits of, "Go and sin no more" will do very well from the lips of him who spake as never man spoke, but is language a New York Judge should be most careful not to use, and betokens a degree of simplicity that looks almost like collusion with the rascal up for conviction.

The consumers of Gas are promised a reduction in the price of that necessary article during the coming fall, $3,00 per 1000 feet is the price now, it is to be $2,50 hereafter. A price which will without doubt afford a handsome profit to the Companies, and be the means of introducing it to many quarters where the brilliant is now done in the good old fashioned way.

The bill for the Broadway railroad has not yet been passed, and the subject calls forth much comment, and apparently every one is against it.—The Common Council have instructed the corporation attorney to memorialize the Legislature against confirming the grant to those interested in the building of the road. Such an innovation on the face of it, will be a nuisance and hindrance, and a marring of the beauty of our great thoroughfare, and all but speculators at home and abroad, will regret to see the cars in operation through it. The narrow channels for vehicles, made during the days of the "Barrica" which were constructed for convenience, proved incontestibly the practical working of a railroad, and confusion then was never worse confounded.

Nearly 100 stout, hearty looking boys marching through Broadway, a few days since, attracted considerable attention. They were on their way to Wisconsin and Illinois, to be apprenticed to farmers in those States, who I trust, will find them acquisitions of the best kind, and give a good account of them hereafter.

Thos. F. Meagher starts a newspaper here next month, to be called the "*Irish News.*" He has the talents to make it an able journal, and will succeed if he takes warning from the examples among his expatriated countrymen, who have trod the same path without success. The National Academy of Design is now open, the merits of the collection I know nothing of, so cannot pass an opinion. It is formed exclusively of original works which have never before been exhibited, and this year forms the 31st of its existence.

Mr. Choate's lecture in Boston last Monday on the Poet "Rogers" is said to have been one of his most masterly productions and beyond even his great reputation.

"Gough" has returned from the South, and for a short time is delighting the public on the time honored theme, which wears new charms when ever his eloquent lips speak on the subject.

The "Opera" has met with great success since its late re-opening. Adelaide Phillips has sung once, but in a trying and difficult role. The excellence of the voice is acknowledged, but further, as yet, critics are lenient. I saw Lagrange in "Lucia" the other evening, and her acting and singing were perfection. I think the mad scene, was superior to the rendering given it by that great favorite "Bosio." Lagrange is a great card, has never failed once, a perfect lady and accomplishes effectively every thing in the musical way, whether adapted to her calibre or not. The "troupe" are quiescent this week, preparing for the "Spy" which will be produced next Monday. We are promised the coming season a more complete German opera than has been seen here yet, with "Bergman" for Conductor, and lots of musical and other novelties to attract and distract, about which I can say more hereafter.

Yours VIOLA.

The boys are crying the arrival of the "Persia, 12 days passage; the searching vessel, the "Arctic," too, is just in, but no "Pacific," and the last sparks of hope seem to have expired.

The Rejoicings in the Country.

Eagle, March 25.

Messrs. Editors:—About 1 o'clock P. M. yesterday, we received a dispatch from Madison, announcing the final decision of the Supreme Court in declaring Mr Bashford, Governor of Wisconsin. By the time the cars had arrived, a large crowd was assembled, and when the trains were ready to start, three cheers were called for Gov. Bashford and given with a *will*—the merry whistle of two locomotives joining in the "repeat." Then followed three groans for Barstow—the locomotives again joining in the "*basso*," as locomotives *only can*, and as the trains moved off, a few guns were given, which kept repeating their music till late in the evening; accompanied with bonfires, sky-rockets, fire-balls, &c. In short, we had a general jubilee, a spontaneous outburst of public sentiment and rejoicing, such as no doubt pervades the entire State—such a sentiment as "*finality Barstow*," *could not see* to sustain him in his usurped authority. "*Hic jacet Barstow.*"

Opening of the New York Canals.—"*Sentinel*," the Albany correspondent of the New York *Courier* and *Enquirer*, writes to that paper as follows:

One of the Canal Commissioners told me that he thought the opening of the Canal would be on the 1st of May. This throws the Spring transportation late, but it will be welcome. He thinks the heavy frosts and snows of the winter have not materially injured the banks.

Interesting to Schoolboys and Teachers.—Judge Cutting, of the Supreme Court of Maine, has decided that a boy attending school may be required by the teacher to build the fire at the schoolhouse his proportion of the time. The decision was the result of the trial of a teacher for flogging a boy for refusing to make a fire. The Court sustained the teacher.

Lake Side Water Cure.—The Madison *Argus* announces that Dr. C. A. Hall, for eight years past superintendent of the celebrated "Round Hill" Water Cure, at Northampton, Mass., has become interested in the Lake Side Water Cure at Madison and will assume the charge thereof early in April. The *Argus* adds that the establishment is to be thoroughly renovated, additional buildings erected, and every arrangement made to promote the comfort of guests seeking that pleasant retreat.

Death of Thomas McHugh.—The Madison *Argus* announces the Death of Thomas McHugh, at Pilatka, Florida, on the 19th instant, after a two year's illness, of consumption. Mr. McHugh was the first Secretary of State, under our State Government, and Chief Clerk of the Assembly during the sessions of '53 and '54. He was a brother-in-law of Beriah Brown's and had many warm friends.

Mails Burned.—The mails which left here on Wednesday evening at eleven o'clock, for the West, by the Lake Shore Railroad, were mostly consumed, together with the mail car, at or near Irving, about thirty miles west of this city. The mails from this city were, we are happy to say, rather light, and the letter mail for Cincinnati was mostly saved. The Boston and Albany mails as well as mails from other intermediate points, for Cleveland, Cincinnati, Columbus and Louisville mails were mostly saved, while the Chicago, Milwaukee and Dubuque mails were all nearly destroyed. We are indebted to J. G. Dickie, Esq., Post Master of this city, for the above particulars. He will, if possible, furnish the full particulars for our next issue.—*Buff. Express 21st.*

The Buffalo *Commercial* of Saturday afternoon says that two packages of letters from Buffalo for Milwaukee were saved.

Great Fall in the Price of Beef.—The New York *Times* of the 22d says that "against some 700 cattle offered a week ago, there were 2,872 on sale yesterday. The receipts at 44th street market sum up, for the week past, 3,570; for the previous week, 903; weekly average for 1855 1,081. The total receipts at the four principal city markets (including small retail sales at Bergen) were, for the past week, 4,689; for the previous week, 1,835; weekly average last year, 3,225. Prices went down yesterday, as a matter of course. Fine bullocks, that were slow sale at $90 to $100, went quick a week previous at $120 to $130.

MILWAUKEE COUNTY.

KANSAS AID ASSOCIATION.

In pursuance of the call for the organization of a County Kansas Emigrant Aid Society to act as an auxiliary to the State society a meeting was held at Young's Hall yesterday P. M. J. H. Paine, President, and E. C. Hotchkiss, Secretary.

The objects of the organization were stated by E. D. Holton to be to obtain sufficient aid for the caravan of emigrants which will leave this region for Kansas some time in May, and to furnish counsel and aid to young men who desire to emigrate thither; and take such other measures as might be deemed proper for the furtherance of the settlement of Kansas with freemen and securing freedom to that land.

A committee of three, consisting of C. T. Hotchkiss, of Milwaukee, Deacon Smith, of Granville, and Mr. Carpenter, of Milwaukee, were appointed to draft a constitution and bye-laws. They retired, and the meeting was addressed at some length by Messrs. E. D. Holton, and Baker, of Janesville.

The committee on constitution appeared and made their report which was accepted.

On motion of Mr. Holton, the constitution was adopted, as follows:

Constitution of Milwaukee County Kansas Aid Society.

Art. 1. Any person may become a member of this Society by signing his name to this Constitution, and paying to the use of the Society the sum of One Dollar, and shall continue to be a member so long as he shall pay such sum annually.

Art. 2. The officers of the Society shall be a President, Vice President, Fourteen Directors, Treasurer and Secretary, who shall be Master of Emigration, to be elected in the first instance, immediately, and thereafter on the second Monday in March annually, at a meeting held in Milwaukee. The President, Vice President, Treasurer and Secretary shall be ex officio members of the Board of Directors.

Art. 3. The officers shall perform such duties as shall appertain to their respective situations, and such also as shall devolve upon them under the By-Laws of the society.

Art. 4. It shall by the duty of the master of emigration to receive and keep the names of all persons desiring to emigrate to Kansas from Milwaukee County; to agree upon the time and conveniences for their departure, and to confer with the State Emigrant Aid Society, so as to make the best arrangement for their conveyance to Kansas and their location there.

Art. 5. The money of the society shall be appropriated to promote such emigration into the above territory as shall be opposed to the introduction of slavery into the same, or if slavery shall be introduced, as shall be in favor of repealing all laws tolerating the same, and also for such means of promoting free emigration, as the Directors may select—provided that nothing shall be done in virtue hereof in contravention of the Constitution, nor in conflict with the existing laws of the land.

Art. 6. Suitable By-Laws shall be adopted at the 1st meeting of the society, and the same may be altered or amended at any meeting.

Art. 7. It is the design of this society to cooperate with the State Emigrant Aid Association, in the colonization of Kansas with *Freemen.*

Art. 8. The Directors shall have the power to fill any vacancies in their Board or in the list of officers, antecedent to the annual meeting of the Society, and the Board shall consist of one from each ward and town in the county.

On motion the report of the Committee was adopted.

The following were then chosen as the 1st Board of Directors:

A. F. Clarke, 1st Ward.
A. J. Langworthy, 2d "
Geo F. Austin, 3d "
S. C. West, 4th "
James Douglass, 5th "
Samuel Brown, 6th "
Edwin Palmer, 7th "
Leonard Brown, Granville.
Levi B. Potter, Wauwatosa.
Eber Cornwall, Greenfield.
Dr Chase, Lake
Mr. Howes, Oak Creek.

The following officers were then elected.

H. J. Paine, President,
E. P. Hotchkiss, Vice President.
C. T. Hotchkiss, Secretary,
Geo. F. Austin, Treasurer.

Mr. Holton submitted the following resolution.

Resolved—That the Directors of this Society be instructed to act with promptness, and to start an Emigrant Train for Kansas, so soon as arrangements can be made for their departure.

Adopted.

C. T. Hotchkiss stated in behalf of the State Society that their agent had left for Kansas to make explorations, and that the people of the State are promptly responding to the call for Aid for Kansas.

The meeting then adjourned.

H. J. PAINE, President.
C. T. HOTCHKISS, Sec'y.
Milwaukee, March 25, 1856.

Brick Makers Wanted.—The *Badger State*, published at Portage City, says that contracts have already been made by the brick-makers there for all the brick they can furnish between this and the 1st of August, that the brick-yards now open there are inadequate to supply the demand; that the material for manufacture is abundant and of superior quality; and, finally, that any person having the necessary means and experience, to engage in the brick making business at Portage, will find there as extensive a field for operations as he could desire.

The Fire at Waukesha.—We were in error in stating that the fire at Waukesha originated in the *Plaindealer* office. Mr. Pratt, of the *Plaindealer*, writes us that several adjoining buildings were burnt before his office took fire.

Washington Co. Sheriff.—The resignation of Mr. Spinharny, as Sheriff of Washington County and the appointment of Mr. Weiss in his place, is sharply commented on in a communication published in the last Washington County *Democrat* signed "A Sagnichts." The writer alleges that Spinharny resigned, either through fear of being removed for neglect of duty, or because he was afraid to do his duty in the De Bar cases, to be tried at the next term of Court. The late Sheriff is called upon to explain to the electors of Washington County why he resigned.

Graduation Law—Actual Settlers.

Judge Bryan, the Register of the Land Office here, has just informed us that new instructions have recently been received from Washington, touching entries under the Graduation act of 1854.

The Land Officers here are required to give notice to all who so entered, to produce testimony to perfect their *titles* to the lands thus purchased, within two months from the date of the notice. And if such testimony be not produced within the time limited, it will be regarded as an abandonment of the claim, and all the cases thus situated will be reported to the General Land Office, in order that steps may be taken for throwing the land into market again, after proper notice.

This must serve to *hurry up the Graduators*—hundreds and thousands of whom have bought up these fertile lands at the low price of *fifty-cents* per acre.—*Menasha Advocate*, March 22.

Warehouse Blown Down!—The Beaver Dam *Republican* of yesterday says:

During the high wind of last night, the large new warehouse of Messrs. Smith & Ludington, at the Depot, was blown down, nearly destroying the entire wall and frame. Steps will be taken for its immediate reconstruction.

Great Sale of Real Estate.—Messrs. Havens, Thomas & Co., have sold the 15 acres contiguous to the old depot location, to Messrs. Bicknell & Scribner for twelve thousand dollars. Messrs. Bicknell and Scribner have reserved from three to four acres out of their purchase which they propose to donate to the city for a park, on condition that the expense of fencing and ornamenting shall be borne by the city.—*Beaver Dam Rep.*

The Wisconsin Governorship.—In the Supreme Court of Wisconsin, on the 21st inst., it was proven, that Bashford's majority for Governor was one thousand, whereupon Barstow sends in his resignation as Governor, and Lieutenant Governor McArthur claims to be Governor in his stead. If one man steals a horse from another, and gives it to a third, the third man thereby acquires no right in the property. Mr. Coles Bashford is the Governor of Wisconsin.—*Galena Advertiser.*

☞ The N. Y. *Tribune* says the advices from Mr. Watts Sherman from New Orleans on Thursday were more favorable. His partner, Mr. Wm. B. Duncan, reached New Orleans that day.

THE MARKETS.

Office of the Daily Sentinel,
Milwaukee, March 26, 1856.

By La Crosse & Mil. R. R.—1983 bus wheat, 347 do barley, 146 bbls flour, 2 cords staves, 31 hides and pelts, 50 M shingles, 8 tons pig iron, 2600 lbs sundries.

By Mil. & Horicon R. R.—1750 bus wheat, 325 do barley, 29 bbls flour, 66 hides and pelts

Light receipts yesterday. More buyers in market, but not much wheat offering For choice club $1,25 was offered yesterday No change in other articles. We quote:

Wheat—$1,20@1,25 for club, $1,40@1,55 for winter.
Barley—steady $1,10@1,50.
Oats—dull, 35@38.
Corn—nominal, 45@50.
Rye—nominal, $1,00@1,06.
Pork—at retail 5,75@6,00 for good hogs.
Butter—20@25, and in demand.

Weather bright and pleasant yesterday. Streets getting dusty, and rain greatly needed. Lake clear, but river closed. Steamboat expected from Chicago to-day.

Chicago Market.

Chicago, March 24.

The weather continues beautiful, the ice in the river is fast giving way, and repairs are busily going on among the shipping.

The market presents no new features, unless we may note a tone of firmness on the part of holders. Eastern markets certainly give no guaranty for the low prices offered for wheat here. Views of dealers vary from $1,05 @1,15, and red and white winter are up to former figures. Holders of corn are disposed to give way a little, and, nominally, we quote it 2c lower. Country produce still remains scarce and dear.

Wheat—Spring to store and mill $1,05@1,15, red winter $1,20@1,30, white $1 30@1,40.
Corn—36@35c ℔ 60 lbs.
Oats—25@27c to store and livery stables.
Rye—Nominaly at 90c.
Barley—Ranges from $1,00@1,20
Dressed Hogs—$5,00@5,25 for light and heavy.—*Tribune.*

The Pork Trade.—By the elaborate tables of the Cincinnati Price Current, it would seem that, taking the number and weight into account, the increase over last year's product is about 28 per cent. Upon this fact the Cincinnati Gazette remarks that the increase in consumption we suppose has kept pace with the increased supply, and taking this fact in connection with the deficit in stock at the commencement of the packing season, as compared with the corresponding season in 1854, into consideration, it is fairly inferable that the supply this year will be inadequate to the demand, especially if the requirements for export should be anything like as great as they were last year.

Illinois River Open.—We learn by a special telegraphic dispatch from LaSalle, that the Illinois river is open from that point to St. Louis.

LaSalle, March 24, 1856.
Daily Tribune—River open to St. Louis.
R. G Parks

This will be good news to those who have grain on the river to come forward.—*Chicago Tribune of yesterday.*

Marine Intelligence.

We learn this morning, that the Steamer Buckeye State has been chartered by Capt. Chamberlain, formerly of the steamer Lady Elgin, and Mr. J. J. Taylor of this city, and will go into the Buffalo and Green Bay trade the coming season under the command of Capt. C. The Capt. is a popular and worthy gentleman, and a worthy seaman. We wish him success in his enterprise.—*Buf. Com. Adv. March 21.*

VOLUME XI. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, MARCH 26, 1856. NEW SERIES.

DAILY SENTINEL.

Milwaukee, Wednesday Morning, March 26, 1856.

CITY MATTERS.

Grocers Bank.

We will pay ninety cents for Grocers Bank.
BRIDGE BROTHERS, 223 East Water st, 4 doors South of Walker House.

Police Court, March 25.

A man named John Howe was brought round from the Watch House charged with stealing a watch, &c. of the value of $11, the property of Herman Fisherdeck. A man named Cunningham testified to having bought the watch of the defendant, who told him that it had belonged to his wife who was dead—witness paid him $3 for the watch. The complainant identified the watch as his property and that it was stolen about 7 weeks ago from his vest, hanging up in his bed room.

The defendant got up and made a statement that he "could show where he (defendant) was on the 17th March, the day upon which the watch was alleged to have been stolen."

Court—Have you anything to show how how you came by the watch?

Prisoner—I don't know anything about the watch. They have got up such a combination of circumstances against me, I have nothing to say.

The defendant, in default of $500 for his appearance at the Circuit Court, was taken back to jail by Policeman Bensler, who had arrested him the first instance.

John Cooney, drunk, fined $2, Joseph Housestein, discharged to Poormaster, Mortimer Dunn, for resisting a Policeman, and striking him, giving him a black eye, found not guilty.

Matthew Dwyer, for an assault and battery, case continued to April 4th, at 10 A. M.

CHARGE OF ADULTERY.—James Williams formerly landlord of the "Rising Sun," and who was more or less connected with Thomas Pollock, now in jail, convicted of stealing at the Milwaukee House fire—Williams was let out of the scrape by the adroitness of counsel—was brought into the Police Court by Policeman Capron on a warrant charging him with living in "adultery with one Eliza Cross, he, the said Williams, then and there being a married man." The complaint was made by Elizabeth Williams the wife of the defendant.

Before the case was adjourned to 10 this morning the complainant stepped up to the Court and said, "I hope you won't put this man to jail—I'm willing to forgive him and try him again." The Court stated that he would not permit it. The defendant was required to give bail in the sum of $500 for his appearance at the Police Court this morning, and being unable to give the bail was taken back to jail. Mrs Williams was also ordered into the custody of an officer to secure her presence as a witness—Policeman Rice took charge of her.

These are the same parties that figured before the Police Court in November last, when the husband of Mrs Cross came on from Philadelphia and caught and had arrested this same Williams, for running away with Mrs Cross from Philadelphia. The matter was then compromised, Cross received a sum of money and left the city, at least he *disappeared*—how, or by what route he left, we believe is not known. We know that many stories have been told of his sudden and mysterious disappearance—The Court and District Attorney seem determined to prosecute this matter in the present charge to a thorough investigation. The parties are all English, and have been in one continued turmoil and strife since they came to this city.

Ann Egan obtained a warrant against Michael Burk for an assault and battery upon her, the complainant states it was on St Patrick's Day, your honor, when it tuk place.

William Demmitt obtained a warrant against three men for an assault and battery upon him on the 24th.

For the Sentinel.

DEMOCRATIC CAUCUSES.—The Democrats of the 2d, 4th, 5th, 6th and 7th Wards, hold caucuses this afternoon, to choose delegates to the City Convention, and nominate candidates for Ward Officers. The places of meeting are

Second Ward—Mans on House
Fourth Ward—Engine House No 5
Fifth Ward—Saloon of Francis Conrad
Sixth Ward—Park Saloon.
Seventh Ward—Best's Beer Hall, Market Street

There is a sharp contest for the different offices, and quite a strife between the Barstow and Anti Barstow democracy.

THIRD WARD DEMOCRATIC CAUCUS.—The "Democracy" of the Third Ward held their caucus yesterday afternoon, and nominated the following ticket:

Alderman for 2 years—Timothy O'Brien
Alderman for 1 year—M. Delany
Assessor—J. D. Dolan
S. R. Commissioner—James O'Brien
Constable—John H. Ryan
Justice of the Peace—Wm. Holland
Delegates to City Convention—Paul Foley, T. Shaughnessy, J. Shortell, J. Eviston, H. Warnacke.

DRY GOODS JOBBING HOUSE.—Messrs FRENCH, BROS & Co., successors to Crosby, Foote & Gordon, at No. 142 East Water Street, (U. S. Block,) call attention through our advertising columns, to their large and complete Spring stock, which they offer to Country Merchants on terms that cannot but be satisfactory. Their store is an elegant one, and abundantly stocked with choice Goods.

ALBANY COACH MANUFACTORY.—We invite attention to the advertisement of JAMES GOOLD & Co. Albany, N. Y., extensive Coach Manufacturers, whose establishment is one of the largest in the Union, and whose handiwork is proverbial for its excellence. We have known the proprietors for many years as men of sterling integrity, and we can vouch for the superiority of their Carriages, Cars, Wagons, Buggies, Sleighs, &c. If any of our readers wish a tip top article, they may be sure of getting one by sending an order to JAMES GOOLD & Co., Albany.

CONCERT TO NIGHT.—The "Union Serenaders" announce a Concert at Young's Hall *this* evening, and offer a promising programme, concluding with the burlesque "Masquerade Ball," and the tragic scene from "Damon and Pythias." Admittance 25 cts. See bills of the day, for particulars of entertainment, and go and hear them.

FIRST WARD SCHOOL EXHIBITION.—The exhibition of the pupils of the First Ward School, at Young's Hall, last evening, attracted a large audience, who testified their satisfaction with the oratory, dialogues and music, by frequent and hearty applause. The declamation was highly creditable to the pupils and to their Teacher, Mr. McWHORTER.

A REMARKABLE SEASON.—Our Meteorological Record this morning notes the striking fact that Tuesday, the 18th of March, was the first day since December 20th (a period of *eighty eight days*) when the mean temperature for the day rose above the freezing point. This sufficiently illustrates the steady cold of the past winter.

FOR TWO RIVERS, MANITOWOC, &c.—The steamer *Huron* is announced to leave Chicago at 8 A. M. to-day, for this port, and, weather permitting, will leave here at 7 o'clock *this* evening for Two Rivers and intermediate ports.

WAREHOUSE GOODS AT AUCTION.—Wall sells at Auction, at 10 o'clock this morning, a lot of Warehouse Goods. See his advertisement.

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to COUNTRY MERCHANTS who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

Gov Bashford in the Executive Office!

LT. GOVERNOR McARTHUR CONTESTS, BUT YIELDS POSSESSION.

MADISON, March 25—12 M.

Bashford has just taken possession of the Executive Chamber. McArthur refused to yield, and asked if force would be used. Bashford replied that the office was his by right and he should be compelled to use force if necessary—McArthur said he would consider that as constructive force, and then retired. Assembly adjourned to to-morrow to hear a message from Bashford. He has just sent a message to Senate. W H W

WISCONSIN LEGISLATURE

Afternoon Session.

MADISON, March 25.

Assembly met at 10 P M.

Mr Hull in chair.

The resolution for a recess was then taken up, and after a good deal of argument several amendments were offered as to time.

Mr Mills also proposed to amend by appointing a committee on revision of laws—lost and the resolution was finally adopted.

The day fixed for an extra session, was the second Wednesday in September.

A joint resolution was also adopted to receive no new business after Wednesday morning.

Several motions to adjourn were lost, but at 11½ o'clock, the house adjourned till to-morrow morning.

Bashford took possession of the Executive Chamber at 11½ o'clock.

They threatened to use force to Gov McArthur if he did not vacate.

McArthur, at this point left the Chamber, but still insists that he is *Governor*.

SENATE.—Bill introduced by Mr Sutherland to amend charter of Janesville.

Bill passed to repeal the law fixing salary of Chief Clerk.

A bill for the permanent appropriation of the University Fund was taken up.

Mr Rose moved to amend so as to provide for the appropriation of the fund for this year only.

Mr Dunn opposed the amendment and spoke at considerable length in defence of the University and of the necessity of making appropriation to it permanent, and defended ably the conduct of the Regents.

Messrs Rose and Smith favored the amendment at some length evidently squinting towards a division of the Funds among the different Institutions in the State.

Mr Clement spoke at length severely censuring the management of the University in times past, and giving the citizens of Madison a pretty sharp raking down with reference to their educational facilities. He seemed satisfied that the Institution was in a bad way.

Pending the discussion the Senate adjourned.

Gov Bashford has been in the Executive Chamber during the afternoon receiving calls and attending to the regular business.

SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or a word in its behalf a single word which cannot be substantially and fully maintained and they appeal to the practical brick makers of our country with confidence when they add, that such a machine is in positive and absolute demand. The business of brick making is now engrossing great attention and the rapid growth of our land seems to show that our present facilities will hardly meet a fraction of the demand for the useful articles which it is proposed to furnish by this new means of manufacture. In New England and the Great West the supply has not been adequate these last ten years and the consequence has been the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS Brick Machine is built mostly of IRON, is about four feet square, and five feet high in the rear—When it is worked by horse power, with four or five hands employed, (no more being required,) it turns out from fourteen to eighteen thousand bricks per day of ten hours. It is successfully operated by any ordinary laborers, who, by it, become fully competent to the most intelligent and experienced brick makers.

CERTIFICATES.

WASHINGTON, December, 27, 1853.

DEAR SIR:—I have examined with much care and interest your Brick Moulder and Temperer on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution and its durability to be apparent to every observer, and I can say that the experience of twenty five years in the manufacture of bricks has given me good opportunities of judging closely in this matter. I think your machine is unrivalled as a Brick Machine in the United States. Respectfully, yours, S. HAYDEN, Practical Brick Maker at Palmyra, N. Y.

H. SANDS, Esq.

WASHINGTON AQUEDUCT OFFICE, Washington Nov 23.

SIR:—I was present, yesterday at an exhibition of Sands & Cummings' Brick Machine. It appeared to me to be conveniently arranged, to be simple in its construction, not likely to get out of order, and it did its work quickly and effectually. I think it a very good machine.

M. C. MEIGS, Captain of Engineers, In charge of Washington Aqueduct and Extension of U. States Capitol.

H. SANDS, Esq.

WASHINGTON, November 22 1853.

SIR:—I this day had the pleasure of witnessing the operation of Messrs Sands & Cummings machine for making bricks, and must say that it performed much better than I expected. I can, therefore, recommend it to the public as a valuable labor saving machine as it tempers the clay and moulds the brick at the same time.

WM. P. ELLIOTT, Architect and Engineer.

To H. SANDS, Esq.

WASHINGTON, November 28 1853.

I have witnessed the operation of Messrs Sands & Cummings' Patent Brick Machine, and consider it unequalled in simplicity, and in the perfection of its results, by any machine of any class that has come under my observation. CHAS EVERETT, late of the Patent Office.

WASHINGTON, D. C., November 29, 1853.

It is with much pleasure that I am prepared to say, that having witnessed the operation of making brick by a new patented machine, by Sands & Cummings, it by far exceeds my expectations. It is very simple in its construction, and sure in its operation. From my experience as a practical machinist and model maker, (having constructed several models for that purpose,) I believe it to be far superior to anything I have ever seen. It can be worked with certainty and great facility, by the most ordinary laborer, while it tempers the clay and moulds the brick at the same time. I would especially recommend it to all persons engaged in the brick business. I. B. WOODRUFF.

GEORGETOWN, D. C., November 25, 1853.

Having witnessed the exhibition of Sands & Cummings' Brick Machine, on Capitol Hill, last week, I hereby certify that its work was very satisfactory and simple thereby allowing it to be used by hands totally unaccustomed to it. I was much pleased with the machine in every respect. ROBERT P. DODGE.

WASHINGTON, D. C. November 23, 1853.

H. SANDS, Esq.—*Dear Sir*:—I have this day witnessed the operation of Sands & Cummings' Patent Brick Moulding Machine and am fully satisfied that it is not equalled by any machine for speed or in the correctness of its work, and can therefore cheerfully and confidently recommend it to any person wishing to purchase a perfect machine. Yours respectfully, JOHN PREFS, Practical Brick maker, Wyoming, Syracuse Co., Pa.

WASHINGTON, March 21 1853.

GENTLEMEN:—I take pleasure in recommending to the public your Brick Machine. Having seen one in operation in Memphis, Tenn, I immediately purchased the right to use one in Phillips County, Arkansas, believing that better brick could be made by them than by the old process and, at the same time saving the labor of at least one half of the number of hands required in the ordinary way of brick making. Respectfully, H. L. BISCOE.

Messrs Sands & Cummings.

[Mr B first experimented with a dry clay brick machine, at a cost of several thousand dollars, which he set aside, and adopted in place thereof one of Sands & Cummings'.]

WASHINGTON, March 21, 1853.

To the Managers of the Metropolitan Mechanics' Institute.

GENTLEMEN:—I am under the impression that the Committee on Class No 5 in which the machine deposited by Sands & Cummings—a Brick making machine was embraced—recommended it as being the best machine offered, and therefore entitled to the highest award. As one of that Committee I am of the opinion that it is the best machine now in use in this country for making bricks of *tempered* clay. I have seen the machine in use, of full size, and the *quantity* and quality of the bricks it produces are better than any others that have come to my knowledge. I am engaged in the brick business and have searched much in all our principal cities for the most approved machine, and must say, that this machine is the very best I have seen or heard of. I therefore, recommend the machine as worthy of the highest award that you can give to any machine at the Exhibition. SAMUEL BYINGTON.

TROY, NEW YORK, September 15, 1853.

This certifies that I have been in the brick business, extensively, for seventeen years, and am employing twenty two hands, and have this day witnessed the operation, in my yard, of Messrs Sands & Cummings' Patent Machine. The Machine tempers the mud and makes brick at the same time. It is simple in its construction and not liable to get out of order, and can be worked with common laborers, and makes good bricks, and is capable of moulding from 14 000 to 15 000 per day. I am well satisfied with the working of the machine. I have worked different kinds and take great pleasure in saying that this is the best I have ever seen, and in recommending the same to the public as being worthy their attention. JOHN ARCHIBALD.

CAMBRIDGE, August 27, 1853.

This is to certify, that I have been engaged in making bricks about twenty years, and have seen and used different kinds of improved brick machines, and am now using them. I have this day witnessed the operation of Sands and Cummings' Patent Brick Machine, at Edmund Hayes' brick yard, in Cambridge Mass., and in my opinion, it is most simple in its construction, and, at the same time possesses every requisite for durability, to the extent, that common laboring men can easily do all the work with the machine that is required of practical brick makers. The machine tempers the clay by horse power, and, at the same time is capable of moulding 14,000 to 18,000 good bricks per day, and that it is the best machine now in operation, and I take much pleasure in recommending it to all interested. GEO. W. WYATT.

CAMBRIDGE, August 27, 1853.

This is to certify that I have been in the brick business for thirteen years and have seen the operation of Messrs Sands & Cummings' Patent Brick Machine, in Mr Edmund Hayes yard, and, in my opinion, it is the best in use, and that it will make from 14,000 to 18,000 of good bricks per day, with horse power. S. M. COFRAN, Putnam street.

BOSTON, March 22, 1855.

H. SANDS—*Dear Sir*:—This is to certify, that the Mechanics Brick Manufacturing Company have had in use in their yards during the past season some of your Patent Brick Machines, and the undersigned regard them the best machines for manufacturing brick that they have any knowledge of.

Terms, &c.

Machines will be furnished complete, (excepting only the sweep beam, which will of course be hardly worth the transportation,) with four setts of iron bound moulds, for $300, and in ordering machines, parties should invariably send the dimensions of the bricks required to be made. *This should not be neglected.*

In sales of State, County or other rights, machines are sold at cost.

☞ The inventors have been asked often as to the size of yard, and position of kilns, and being anxious to impart every information to be derived from their practical knowledge, they respectfully submit the following:

For the most successful operation of one machine, the yard should be one hundred feet wide, and ninety feet in length, adding from eighty to a hundred feet in width for every additional machine, but never increasing the length of yard. The kiln grounds should extend from the head of the yard, so that the bricks being hacked, can be conveyed to the kiln sheds on a parallel line with the yard.

Bricks should be set into the kiln as soon as dried, and made by this machine they dry much sooner than in the usual mode of manufacture.

PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color from the purest white, resembling enamel or porcelain, to all the different varieties of tints suitable for private dwellings, Churches, Hotels &c, whilst in brilliancy and richness of surface it surpasses all other paints. It possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings Churches, &c. Sign and Fancy Painting.

Capital over $165,000, in Cash & Premium Notes

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured not exceeding two mills on the dollar—Its business is principally confined to this State.

CARTER'S SPANISH MIXTURE

THE GREAT PURIFIER OF THE BLOOD!

THE BEST ALTERATIVE KNOWN!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and Joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated and imparts elasticity to the worn out frame, clears the skin, and leaves the patient fresh and healthy. A single bottle of this inestimable remedy is worth all the so called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED). The limits of an advertisement will not admit their full insertion.

MEDICAL.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following.

CARLYLE, Ill, June 20, 1855.

I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind, June 10, 1855.

Prof O J Wood. Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c,
July 1, 1854

GARDNER, Me, June 30, 1855.

Mr Dyer. Dear Sir—I have used two bottles of Prof Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c,
DANIEL N MURPHY.

ST LOUIS March 7, 1854

Prof Wood.—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A C WILLIAMSON,

ST LOUIS, June 28, 1853.

Prof Wood.—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative it assumed its original color, and since its application all dandruff has disappeared from my head and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not reject it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c,

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c, &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South of the wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev Samuel Henry, of Palmer, Mass, says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

Dr A J Johnson, of North Wardsboro, Vt, says, "a Scrofulous disease of the hip joint, and Scald Head in the same child have been cured by the Syrup and Cerate."

Rev August Bolles says "it has cured the Salt Rheum in my leg."

J Hatfield Fraser, Esq, editor of the Somerset Whig, Somerville, N J, says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon Joel Loomis, of East Lyme, Conn, says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years) but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq, of Orient, Long Island, N Y, says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicine one year and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J S Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass, what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co, N Y, what the syrup has done for him, ask G F & W H Boynton, of Perkinsville, Vt, ask F L Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm F Keakles, or Wm P Benjamin, Esq, of New London, ask Dr. H M Murdock, of Pulaski, N Y, ask J C Smith, of Brooklyn N Y, who was cured of scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby, N Y, who has been cured of a severe case of Salt Rheum; ask Chas Akin of Hume, N Y, what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N Y, what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.
